

MAIL STOP ISSUE FEE
PATENT
23390-000103/US

IN THE U.S. PATENT AND TRADEMARK OFFICE

Applicant:	Vladimir PAVLOVIC et al.	Conf:	1545
Appl. No.:	09/989,940	Group:	2838
Filed:	November 21, 2001	Examiner:	Lawrence W. Luk
For:	METHOD AND APPARATUS FOR AMELIORATING ELECTROLYTE STRATIFICATION DURING RAPID CHARGING		

REQUEST FOR CORRECTED OFFICIAL FILING RECEIPT

U.S. Patent and Trademark Office
220 20th Street S.
Customer Window **Mail Stop Issue Fee**
Crystal Plaza Two, Lobby, Room 1B03
Arlington, VA 22202

January 10, 2005

Dear Sir:

The Official Filing Receipt mailed March 13, 2002 (copy attached herewith) does not reflect the foreign priority of the subject application. The "Foreign Applications" information should indicate:

Appl. No.: 2,363,604 **Date Filed:** November 20, 2001 **Country:** CANADA

The foreign priority claim is indicated on the November 22, 2002 Priority Letter, a courtesy copy of which is enclosed. The original Priority Letter incorrectly referred to the priority document as "2636604," and therefore the correct priority information (as shown on the first page of the priority document) has been inserted.

Applicants also enclose a Supplemental Application Data Sheet reflecting the foreign priority information.

Applicants respectfully request issuance of a corrected Official Filing Receipt. Changes to be made are indicated in red on the attached copy of the Official Filing Receipt.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment of Deposit Account No. 08-0750 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17; particularly, extension of time fees.

Respectfully submitted,
Harness, Dickey & Pierce, P.L.C

Receipt is acknowledged of this nonprovisional Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Customer Service Center. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

Title

Method and apparatus for ameliorating electrolyte stratification during rapid charging

Preliminary Class

320

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
